

# *Inclement Weather* STUDIO POLICIES

Creation Dance Studio follows the Mercer Island School District (MISD) for emergency and severe weather closures. On days that the MISD has cancelled school, dance classes will also be cancelled for the safety of CDS families & staff members. The only exception is if all inclement weather concerns have resolved prior to classes starting and it appears safe for students and faculty to drive to the studio.

On MISD late start days and non-school days (Saturdays & Sundays), CDS staff will assess whether or not it is safe for classes to be held. **All families impacted will receive a text message and an email if class(es) will be cancelled.** There will also be an alert on the CDS portal and a post on all social media pages (Facebook and Instagram).

**CDS does not offer refunds or credits for classes that are cancelled due to inclement weather, emergency closures, or any other issues that are beyond Creation Dance Studio's control.** However, CDS does offer make up classes, and all students who have missed a class due to inclement weather are encouraged to attend a make up class. Please email [info@creationdancestudio.com](mailto:info@creationdancestudio.com) to set up a make up class for your dancer.

**Zoom classes may be offered for beginning/intermediate through intermediate/advanced level classes only.** If your dancer is in a class that will be offered via Zoom, an email will be sent out as soon as possible with instructions regarding how to access your dancer's Zoom class.
